

Dear SFPE Executive Board:

Thank you very much for your gracious dedication of the Seneca College bursary fund in my husband's memory, and special thanks to Anthony Van Odyk for organizing the fundraising effort. Tom prided in the Chapter's commitment to promote education programs in the field of fire protection engineering, and he would be delighted to see the Chapter's continued financial support for future leaders in the fire protection industry.

Tom cherished the friends he made through the Chapter's seminars and meetings, especially the opportunities to exchange information and share ideas with other members. He appreciated very much all of your support during his term of President of the Chapter. Thank you for honouring my husband's legacy with this bursary.

With sincere appreciation

And warmest thanks to you.

Mrs. Cecilia Chong
